Dear Gayle,

On behalf of the "Australian Outback Development Consortium Ltd" and "Year of the Outback 2006" I am delighted to endorse and offer my support for the wonderful work being done by yourself and "Aussie Whip Makers" and in particular the new and exciting sport, for which you were Founder, "Australian Whip Boxing".

I congratulate you on your dedication to such an important Australian icon – the Australian whip – and to promoting it's marvellous positive attributes and historic importance.

Your dream of 'putting whips into people's hands' and allowing them to experience first hand the magic of the 'crack of the whip' has become a daily reality for people from all different walks of life and it has been my pleasure to witness this personally on numerous occasions at metropolitan, rural, regional and remote events.

Further to this I commend you on your marvellous initiative 'Australian Whip Boxing', a new, exciting and truly Australian sport that has captured the imagination of all who have come in contact with it - competitors, spectators, event coordinators and the Australian media whose enthusiasm for this unique sport has seen it receiving Australia wide exposure.

When watching an 'Australian Whip Boxing' tournament one can't help but marvel at the many Australian traits that are in evidence in each and every match – ingenuity, tenacity and mateship are but a few and all are centred around the iconic Australian whip

It was wonderful that we were able to meet you during '2002 Year of the Outback' and it is with pleasure that we have continued to work with you and recognise the shared vision and objectives of "Aussie Whip Maker" and the "Australian Outback Development Consortium Ltd".

We look forward to continuing to do so up to and throughout "Year of the Outback 2006" and are pleased to offer our support wherever possible.

Yours sincerely
